

TENTERDEN BUILDING & RESTORATION ABOUT US

YOUR QUESTIONS ANSWERED...

WHO ARE YOU?

TB&R is a quality building company started by me, Martin Pearson, and my wife Rebecca. We have more than 20 years' experience, a passion for the work and five children, so we understand the needs of families. TB&R has old-fashioned attitudes to customer service combined with a 21st century outlook on quality.

WHY SHOULD WE CHOOSE YOU?

We're good at what we do and easy to work with. We always see a job through to the end and our commitment to total customer satisfaction separates us from the pack. We are very happy to put you in touch with past clients for a reference. We know that building work can be very disruptive to daily life so we ensure you are inconvenienced as little as possible.

HOW MUCH WILL IT COST?

Depends on what you want, of course. But we always work to a budget and give written costings before we start each job. We are never going to be the cheapest but we will always be the best.

ARE THERE ANY GUARANTEES?

There are the standard guarantees offered on materials and workmanship but we are an honourable company that relies on good reputation so we always take a sensible and reasonable attitude.

DO YOU BELONG TO ANY TRADE ORGANISATIONS?

We don't because we would have to pass on our subscription costs to our customers. But

all our work is compliant with the stringent standards set by the NICEIC, CORGI and Oftec, among others.

WHAT ABOUT THE ENVIRONMENT?

We always try to use recycled materials wherever we can and dispose of any waste in an environmentally responsible way. Buildings are becoming ever more energy efficient and we ensure that we are fully aware of the changing policies and technology. It's something we are fully committed to, both as individuals and as a company.
